

Thank You!

ARCHITECT RENDERING OF UPDATED FIRE STATION

The Board of Commissioners of the New Castle Fire District No. 1 would like to thank all of our supporters in the community who voted to approve the very important bond referendum authorizing the Fire District to borrow funds for the expansion and modernization of our current fire station in Chappaqua. Our volunteer firefighters deserve a fire station that ensures their health and safety. We look forward to moving ahead with this much-needed and exciting project.
