

****COMING SOON****

Dear Neighbors,

In the coming months, construction will begin on the expansion project for the Chappaqua Firehouse, which is aimed at enhancing our emergency response capabilities, better serving our community and modernizing the facilities to ensure the health and safety of our volunteer firefighters.

We are pleased to announce that the bids for this project have been awarded, and work is set to commence shortly. We understand that construction projects can be disruptive, and we are committed to minimizing any inconvenience to our community.

If you have any questions or concerns about the construction process, please do not hesitate to reach out to the **Board of Fire Commissioners** and our **Construction Manager**. Both can be contacted directly via email at: project@ncfd1.org

We appreciate your understanding and cooperation during this period. The expansion of our firehouse is a crucial step towards ensuring the safety and well-being of our community. Thank you for your support and patience.

Sincerely,

**Project Committee Members
Dwight Smith and Ed Frank**

**Board of Fire Commissioners
New Castle Fire District No. 1**
